## YOUR SHARE (Savings) ACCOUNT -Frequently Asked Questions-

- Q: Why is it called a "Share Account" instead of a "Savings Account"?
- A: Like other financial institutions, the Credit Union accepts deposits and makes loans, but we are <u>NOT</u> in business to make a profit. When you put your money in a bank, you're a customer. But when you put your money in a Credit Union, you become a **member** and own a partial "share" in the organization. Credit Unions are owned and operated by their members, who elect the volunteer Board of Directors that run the organization. In comparison, most banks are owned by groups of stockholders whose primary interest is to earn a return on their investment.

- **Q:** Why do I need \$5.00 in my Share Account?
- A: To preserve your membership in the Credit Union, \$5.00 must be maintained in your Share Account. The \$5.00 is **NOT a fee** and remains yours; it provides eligibility to take advantage of the Credit Union's many benefits offered and great loan rates.

- Q: What is a "Secondary Share Account?
- A: A Secondary Share Account is also known as a "sub-account" (S-11, S-12, etc.) is a great way to organize savings to meet your financial goals. Multiple sub-accounts can be opened to identify, organize or budget for any number of reasons. (i.e. vacation fund, weddings savings, tuition, etc.) You can use payroll deduction or ACH Debits to make savings automatic too!
