VS

SECURED VS. UNSECURED LOANS

When filling out the Loan Applications, Members question what type of loan should I check: Secured or Unsecured? Here's the difference:

Secured Loan is a Vehicle Loan that is backed by collateral: your car. The credit union is added as a lienholder on the vehicle.

Unsecured Loan is not backed by any collateral. Examples of an unsecured "signature" loan are debt consolidation, home improvements, medical bills, etc.
