**FRAUD ALERT – BEWARE OF AI SCAMS**

Scammers are increasingly using artificial intelligence to trick people. From AI-Generated phone calls impersonating your bank to fake emails that look convincingly real, these scams are intended to steal your money or personal information.

- Confirm unexpected messages/calls directly with the company.
- Do not click on links or download attachments from unfamiliar websites.
- Be skeptical of any urgent request for money.
- Update your phone/computers when updates become available.
- If you feel pressured during a phone call, hang up and call the company calling you directly.
